

A Field Guide to the English

Filesize: 3 MB

Reviews

Very helpful to any or all category of folks. It is written in simple phrases rather than difficult to understand. It's been developed in an exceptionally simple way and is particularly just after I finished reading this pdf in which basically transformed me, modified the way in my opinion.

Quercus Publishing. Paperback. Book Condition: new. BRAND NEW, A Field Guide to the English, Sarah Lyall, In A Field Guide to the English, Lyall strides her way readably, eloquently and perceptively across the social, political and cultural landscape of contemporary England. In a narrative studded with memorable anecdote and rich in humour, she explores themes as diverse as peers, politics, the media, understatement, the weather, and England's relationship with animals, alcohol and sex. She ponders such matters as the missing link between the famous British reserve and our equally famous predilection for hooliganism, the strange process by which a collection of naughty schoolboys pass Parliamentary motions, and the revelations that history did not start in 1492, and that Dick Van Dyke's cockney accent in Mary Poppins was a travesty. Sarah connects our essential toughness to Bronco loo paper, the Earl of Uxbridge losing his leg at Waterloo, not turning the central heating on until mid-November, and the fact that 'some of my husband's favourite puddings have stale white bread as the main ingredient'.
