## Advanced Emergency Medical Technician Transition Manual

By American Academy of Orthopaedic Surgeons (Aaos), Rhonda J. Beck

Jones and Bartlett Publishers, Inc, United States, 2013. Paperback. Book Condition: New. New.. 272 x 216 mm. Language: English . Brand New Book. The ideal resource for states needing to transition practicing EMT-Intermediates to the new AEMT level, Advanced Emergency Medical Technician Transition Manual bridges the gap between the knowledge and skills based on the 1985 National Standard Curriculum and those in the 2009 National EMS Education Standards. Advanced Emergency Medical Technician Transition Manual offers focused discussions on critical knowledge areas and new skills. Each chapter opens with a summary of what EMTs should already know about the topic as well as a brief overview of the content that is new or addressed in greater depth in the National EMS Education Standards. Case studies at the end of each chapter help students test their critical-thinking skills and gauge comprehension. This concise program can be used for continuing education or bridge courses to the National EMS Education Standards.
