

Trinity Marriage the Godhead (Paperback)

By Jocelyn Andersen

Createspace Independent Publishing Platform, 2014. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. This book examines traditional role religion in the light of scripture, and the uniquely complementarian claim that there is a chain of command within the Godhead that illustrates and demands the same type of hierarchy-based strictly on gender-be applied to adult human relationships. There is unanimity among complementarian writers in referencing the alleged hierarchy within the Godhead as a pattern for female subordination. Charles Stanley writes that if God the Father is not the leader of the Godhead, then complementarians have no basis for teaching gender-based subordination. It is crucial to understand that on this one point (that an authority/submission structure exists within the Eternal Godhead) hinges the entire doctrine of female subordination to male authority.
