Createspace, United States, 2012. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Fifty Shelves of Grey - The DIY guide to passion Christina is trying to use the jargon of home DIY to speak the language of love. Dave, totally oblivious, just thinks he s finally found someone as passionate about nailing, screwing and the importance of using the right lubricant when you re working away on someone s back door. Fifty Shades of Blokes is a series for us guys who just don t get all the fuss about this Fifty Shades malarkey. When handyman, Dave Woode, does some weekend work for young entrepreneur, Christina Grey, he encounters a woman who is beautiful, brilliant, and desperate to try out a bit of rough . The unworldly, innocent Dave - like almost every man before him - has no idea what s going on, and believes Christina simply shares his passions for sports, DIY and gardening. The series follows the young couple as they embark on a passionate, double-entendre filled exploration of balls, power tools and spreading a bit of seed around. With every story written the way men would like it - incredibly short - the Fifty Shades of Blokes trilogy won t possess you or obsess you , but it is quite obviously a parody that will leave you asking: - How do men and women ever get together? - How many men are really as simple as Dave? - What does it say about our sex lives when the real books sell a million copies a week? N.B. This series is intended for immature audiences.
