FT Press, 2009. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: "Only Stephen McClellan could have written this book. As a senior statesman of industry analysts, Steve has worked in the inner circles of Wall Street for over thirty years. When Steve talks, everyone in the industry listens. This book is like a college extension course for investors, and it's taught by the Dean." -H. Ross Perot, Sr., Founder, Electronic Data Systems, Founder, Former Chairman, Perot Systems "Steve McClellan has drawn on an insider's lifetime view of how Wall Street really works to produce a practical and entertaining book of advice for investors. Whether you are a new or experienced investor you'll get something valuable out of it, including more than a few chuckles." -Charles O. Rossotti, Former Commissioner, Internal Revenue Service "Steve McClellan's Full of Bull provides a long overdue insight into the confusing maze of Wall Street analysis and stock recommendations. This book exposes The Street's "insider code" and provides both a cautionary tale and an indispensable guide into the Byzantine world of investment analysis." -Thomas M. Siebel, Founder, Siebel Systems, Chairman, First Virtual Group "Steve McClellan is one of the smartest guys in the investment industry. For years his research helped investors figure out how to get better returns. Now he's collected a career's worth of observations and conclusions about how Wall Street works and how to avoid the mistakes that cost ordinary people millions-no, billions-of dollars everyday. Read this book and have more money for your retirement." -Doron Levin, Columnist, Bloomberg News "Today the typical share is held much less than a year, usually by an institution, speculator, or insider whose gains are at the expense of the under-informed or misinformed individual investor. Securities analysts are of little help. With...
