Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from A Consideration of the Causes of Insanity The following pages can claim to be little more than the merest outline of a study of the causes of insanity. More than this would be impossible within the limits of an ordinary paper. A close analysis of the subject would require a consideration of the entire life of the Nineteenth Century, with a view of ascertaining those influences which have combined to produce a type of man so often unequal to the struggle for existence, and that, too, when the surroundings for mental health seemed fairly favorable. I have been led to view the causes of insanity from a general rather than from a constricted point of view, because the latter field has been already pretty thoroughly worked. And, after all, to go back only so far as the immediate cause, is (in the case of a condition of disease, or mental and bodily alienation, like that of insanity) little more than reaching a remote effect or a group of symptoms; it is not touching bottom, nor getting at the true source. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
