As the philosophy of each system is very different, it causes differences in treatment of factors of production as well. While getting familiar with main literature of this topic, it turns out that there is not consensus about the main driving philosophy of communism in terms of organizing production. Beyond this, my paper can give some insights about efficiency of planned economy and market economy and can serve as a new milestone in long lasting debate between supporters of two systems. As you know, in last century, humanity experienced rivalry of market economy and communism. Superiority of each system was claimed by their proponents throughout sharp debates, which lasted approximately more than a century....
