

ZnO Thin Films for Optoelectronic Applications

Filesize: 3.2 MB

Reviews

Definitely among the best publication We have possibly read through. I really could comprehend everything using this published ebook. Its been written in an exceedingly straightforward way and it is simply after i finished reading through this ebook through which basically altered me, change the way i believe.

LAP LAMBERT Academic Publishing. Paperback. Book Condition: New. Paperback. 220 pages. Dimensions: 8.7in. x 5.9in. x 0.5in. Zinc oxide (ZnO) thin films have good electro-optical properties suitable for opto-electronic applications. The present study explains the deposition and characterization of n-type and p-type ZnO thin films by spray pyrolysis. The films were characterized by different methods to understand their structural, optical and electrical properties. Gallium was chosen as the impurity dopant in ZnO films to improve the electrical properties. The electrical conductivity, carrier concentration and mobility of Ga doped ZnO (GZO) films were highly improved in comparison to undoped ZnO films. The GZO films showed good optical transmittance in the visible region. The electrical and optical results suggest that the GZO films are suitable to use as a TCO in optoelectronic industries. The p-type ZnO thin films were successfully realized using dual acceptor method. The Hall measurements and room temperature photoluminescence results were supported p-type nature of (Li, N): ZnO thin films. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Paperback.
