

Understanding Psychology: MCQs and Revision Notes

By Shabbir Ahmad Rana, Tanvir Ahmad Rana

AUTHORHOUSE, United States, 2010. Paperback. Book Condition: New. 202 x 126 mm. Language: English . Brand New Book ***** Print on Demand *****.Psychology is an important and substantial component of MRCPsych theory examinations. This is an essential book for anyone appearing for these papers. It is the first book in UK comprising entirely of MCQs and Revision Notes on psychology . Subjects include, human development, learning, language and thought, attention and memory, neuropsychology, conscious and unconscious processes, perception, motivation and emotion, intelligence, personality, psychological assessment and psychometry, psychotherapies, research methodology, social psychology and social sciences. All these topics are covered in a concise and effective way. Although it is primarily written for MRCPsych examinations, it would be useful for other examinations in psychiatry and psychology as well. It is also a valuable revision aid for psychology teachers.

Reviews

The publication is great and fantastic. It can be filled with knowledge and wisdom You wont truly feel monotony at at any moment of your time (that's what catalogues are for about if you ask me).

-- **Dr. Marcos Grimes III**

This publication is wonderful. Better then never, though i am quite late in start reading this one. I am very happy to tell you that here is the best book we have read through inside my personal daily life and could be he finest pdf for actually.
