

The Hypotenuse (Paperback)

By Carlos E Puente

Createspace Independent Publishing Platform, United States, 2011. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.A parable elucidating a pathway to inner and world peace consistent with the teachings of Jesus Christ is presented. Using universal principles regarding natural turbulence as recently uncovered via the science of complexity, the piece shows how simple notions from modern science allow us to visualize the consequences of personal and collective actions and how such ideas entice us, through reason and faith, to seek harmony and friendship in a condition typified by the hypotenuse of a right triangle. Written in a style that invites reflection and self-discovery, The Hypotenuse uses the format of an illustrated tale, with people walking on top of scientific diagrams, to weave concepts and symbols from mathematics, physics, politics, economics, and morals, in an original and unforeseen fashion. This second edition is launched in the wake of the recent Occupy movements worldwide and the increased awareness of the 1 against the 99 , as an attempt to highlight the optimal solution for us all.
