CareerIQ, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.My Story and Why This Book is for You I have been working in the recruiting industry as an Executive Search Consultant and Career Coach since 2004, but something happened in 2015 that completely changed how I worked, literally overnight. I had a client who was an Internet Marketing Manager and was seeking a position in E-commerce, social media marketing, or digital marketing; he could barely get a call for an interview after a year of job hunting. Before I started his job search campaign, I checked his profile to make sure it looked good. His LinkedIn profile was absolutely horrifying. I usually just give my clients tips to improve their profile but I knew time was of the essence and I needed to take control of his online image immediately. I got his login for LinkedIn as well as other online job boards and within two hours, I re-aligned everything, got a new professional profile picture, changed all of his online profiles to match his job search goals, and did a campaign to grow his connections over the LinkedIn 500+ connection display threshold. Within 48 hours he had over 300 connections and one job interview....
