Excerpt: . the Eastern, Middle, and Western States, as also throughout the Dominion of Canada, the pickerel is found in most of the lakes, ponds, and some rivers; especially is it numerous in ponds where surface-water preponderates, and by reason of which the salmon families are excluded. The meat of small pickerel is mealy, fresh, and without decided flavor, when--because of its yellow color--it is called doree; but those from three pounds upward, taken in pure water, may be justly considered a good breakfast-fish. The pickerel of Greenwood Lake are good, because the food is abundant, and trout rills drop into the lake from every direction. As the lake is only 60 miles from New York, I used to take a seat in an evening train of the Erie Railroad, arriving in Chester at 7 P.M., and drive down ten miles to the lake in...
