PHI Learning 0. Softcover. Book Condition: New. First edition. In today's competitive scenario, where there is a mushrooming of universities and engineering colleges, the only yardstick to analyze the caliber of engineering students is the Graduate Aptitude Test in Engineering (GATE). It is one of the recognized national level examination that demands focussed study along with forethought, systematic planning and exactitude. Postgraduate Engineering Common Entrance Test (PGECET) is also one of those examinations, a student has to face to get admission in various postgraduate programs. So, in order to become up to snuff for this eligibility clause (qualifying GATE/PGECET), a student facing a very high competition should excel his/her standards to success by way of preparing from the standard books. This book guides students via simple, elegant and explicit presentation that blends theory logically and rigorously with the practical aspects bearing on computer science and information technology. The book not only keeps abreast of all the chapterwise information generally asked in the examinations but also proffers felicitous tips in the furtherance of problem-solving technique. Various cardinal landmarks pertaining to the subject such as theory of computation, compiler design, digital logic design, computer organisation and architecture, computer networks, database management system, operating system, web technology, software engineering, C programming, data structure, design and analysis of algorithms along with general aptitude verbal ability, non-verbal aptitude, basic mathematics and discrete mathematics are now under a single umbrella. HIGHLIGHTS OF THE BOOK ? Systematic discussion of concepts endowed with ample illustrations ? Adequate study material suffused with pointwise style to enhance learning ability ? Notes are incorporated at several places giving additional information on the key concepts ? Inclusion of solved practice exercises for verbal and numerical aptitude to guide the students from practice and examination point of view ? Points to ponder are...
