Routledge, UK, 2007. Hardcover. Book Condition: New. Dust Jacket Condition: No Dust Jacket. First Edition. 304 Pages. NEW. Private enterprises have contributed significantly to China's recent economic growth and will play a key role in achieving China's goal of building a comprehensively well-society. But how can private enterprises help China mitigate its macroeconomic problems such as unemployment, income inequality, financial disintermediation, and an unhealthy economic cycle? And what are the main obstacles to private enterprise development? Private Enterprises and China's Economic Development answers these questions by identifying the range of cultural, political and financial challenges confronting China's private enterprises, and assessing their performance and potential. Contributors also analyse the experiences and lessons of other countries, and propose strategies and policies to help China promote private enterprise development. Using the most up to date research on private enterprises, including detailed econometric analysis and national representative data, authors including economists, policy-makers and academics from the USA, China, Singapore and Canada comprehensively address the most important aspects of China's private enterprise development. As such this book will appeal to students, scholars and policy-makers alike with an interest in the Chinese economy, economic growth, comparative economics and transitional economics. Book Description: Private enterprises have contributed significantly to China's recent economic growth and will play a key role in achieving China's goal of building a comprehensively well-society. But how can private enterprises help China mitigate its macroeconomic problems such as unemployment, income inequality, financial disintermediation, and an unhealthy economic cycle? And what are the main obstacles to private enterprise development? Private Enterprises and China's Economic Development answers these questions by identifying the range of cultural, political and financial challenges confronting China's private enterprises, and assessing their performance and potential. Contributors also analyse the experiences and lessons of other countries, and propose strategies and policies to...
